746 which federal, private or other moneys then available or thereafter to  
747 be made available for costs in connection with any such project should  
748 be added to the state moneys available or becoming available for such  
749 project. If the request includes a recommendation that some amount of  
750 such federal, private or other moneys should be added to such state

751 moneys, then, if and to the extent directed by the State Bond  
752 Commission at the time of authorization of such bonds, such amount  
753 of such federal, private or other moneys then available, or thereafter to  
754 be made available for costs in connection with such project, may be  
755 added to any state moneys available or becoming available for such  
756 project and shall be used for such project. Any other federal, private or  
757 other moneys then available or to be made available for costs in  
758 connection with such project shall, upon receipt, be used by the State  
759 Treasurer, in conformity with applicable federal and state law, to meet  
760 the principal of outstanding bonds issued pursuant to this section, or  
761 to meet the principal of temporary notes issued in anticipation of the  
762 money to be derived from the sale of bonds authorized pursuant to  
763 this section, for the purpose of financing such costs, either by purchase  
764 or redemption and cancellation of such bonds or notes, or by payment  
765 of such notes at maturity. Whenever any of the federal, private or other  
766 moneys so received with respect to such project are used to meet the  
767 principal of such temporary notes or whenever principal of any such  
768 temporary notes is retired by application of such federal, private or  
769 other moneys, the amounts of bonds authorized in anticipation of  
770 which such temporary notes were issued, and the aggregate amount of  
771 bonds which may be authorized, shall each be reduced by the amount  
772 of the principal so met or retired. Pending use of the federal, private or  
773 other moneys so received to meet principal as directed in this  
774 subsection, the amount of such moneys may be invested by the State  
775 Treasurer in bonds or obligation of, or guaranteed by, the state or the  
776 United States or agencies or instrumentalities of the United States,  
777 shall be deemed to be part of the debt retirement funds of the state,  
778 and net earnings on such investments shall be used in the same  
779 manner as the moneys so invested.

780       Sec. 45. (*Effective July 1, 2012*) (a) The State Bond Commission shall  
781 have power, in accordance with the provisions of this section, from  
782 time to time to authorize the issuance of special tax obligation bonds of  
783 the state in one or more series and in principal amounts in the  
784 aggregate, not exceeding thirty million dollars.

785 (b) The proceeds of the sale of said bonds to the extent hereinafter  
786 stated, shall be used for the purpose of payment of the transportation  
787 costs, as defined in subdivision (6) of section 13b-75 of the general  
788 statutes, with respect to the projects and uses hereinafter described,  
789 which projects and uses are hereby found and determined to be in  
790 furtherance of one or more of the authorized purposes for the issuance  
791 of special tax obligation bonds set forth in section 13b-74 of the general  
792 statutes. Any proceeds from the sale of said bonds shall be used by the  
793 Department of Transportation, in consultation with the Secretary of the  
794 Office of Policy and Management, for payment of funds made  
795 available to towns, as provided in sections 13a-175a to 13a-175e,  
796 inclusive, 13a-175i and 13a-175j of the general statutes, for the  
797 purposes set forth in sections 13a-175a, 13a-175d and 13a-175j of the  
798 general statutes.

799 (c) None of said bonds shall be authorized except upon a finding by  
800 the State Bond Commission that there has been filed with it (1) a  
801 request for such authorization, which is signed by the Secretary of the  
802 Office of Policy and Management or by or on behalf of such state  
803 officer, department or agency and stating such terms and conditions as  
804 said commission, in its discretion, may require, and (2) any capital  
805 development impact statement and any human services facility  
806 colocation statement required to be filed with the Secretary of the  
807 Office of Policy and Management pursuant to section 4b-23 of the  
808 general statutes, any advisory report regarding the state conservation  
809 and development policies plan required pursuant to section 16a-31 of  
810 the general statutes, and any statement regarding farm land required  
811 pursuant to subsection (g) of section 3-20 of the general statutes and  
812 section 22-6 of the general statutes, provided the State Bond  
813 Commission may authorize said bonds without a finding that the  
814 reports and statements required by this subdivision have been filed  
815 with it if said commission authorizes the secretary of said commission  
816 to accept such reports and statements on its behalf. No funds derived  
817 from the sale of bonds authorized by said commission without a  
818 finding that the reports and statements required by this subdivision

819 have been filed with it shall be allotted by the Governor for any project  
820 until the reports and statements required by this subdivision, with  
821 respect to such project, have been filed with the secretary of said  
822 commission.

823 (d) For the purposes of this section, each request filed as provided in  
824 this section for an authorization of bonds shall identify the project for  
825 which the proceeds of the sale of such bonds are to be used and  
826 expended and, in addition to any terms and conditions required  
827 pursuant to this section, include the recommendation of the person  
828 signing such request as to the extent to which federal, private or other  
829 moneys then available or thereafter to be made available for costs in  
830 connection with any such project should be added to the state moneys  
831 available or becoming available from the proceeds of bonds and  
832 temporary notes issued in anticipation of the receipt of the proceeds of  
833 bonds. If the request includes a recommendation that some amount of  
834 such federal, private or other moneys should be added to such state  
835 moneys, then, if and to the extent directed by the State Bond  
836 Commission at the time of authorization of such bonds, said amount of  
837 such federal, private or other moneys then available or thereafter to be  
838 made available for costs in connection with such project shall be added  
839 to such state moneys.

840 (e) Any balance of proceeds of the sale of said bonds authorized for  
841 the projects or purposes of this section, in excess of the aggregate costs  
842 of all the projects so authorized, shall be used in the manner set forth  
843 in sections 13b-74 to 13b-77, inclusive, of the general statutes, and in  
844 the proceedings of the State Bond Commission respecting the issuance  
845 and sale of said bonds.

846 (f) Said bonds issued pursuant to this section shall be special  
847 obligations of the state and shall not be payable from or charged upon  
848 any funds other than revenues of the state pledged therefor in  
849 subsection (b) of section 13b-61 of the general statutes and section 13b-  
850 69 of the general statutes, or such other receipts, funds or moneys as  
851 may be pledged therefor. Said bonds shall not be payable from or

852 charged upon any funds other than such pledged revenues or such  
853 other receipts, funds or moneys as may be pledged therefor, nor shall  
854 the state or any political subdivision thereof be subject to any liability  
855 thereon, except to the extent of such pledged revenues or such other  
856 receipts, funds or moneys as may be pledged therefor. Said bonds shall  
857 be issued under and in accordance with the provisions of sections 13b-  
858 74 to 13b-77, inclusive, of the general statutes.

859 Sec. 46. (NEW) (*Effective July 1, 2012*) (a) For the purposes described  
860 in subsection (b) of this section, the State Bond Commission shall have  
861 the power from time to time to authorize the issuance of bonds of the

874 exercise of any right or power granted thereby, which are not  
875 inconsistent with the provisions of this section are hereby adopted and  
876 shall apply to all bonds authorized by the State Bond Commission  
877 pursuant to this section, and temporary notes in anticipation of the  
878 money to be derived from the sale of any such bonds so authorized  
879 may be issued in accordance with said section 3-20 and from time to  
880 time renewed. Such bonds shall mature at such time or times not  
881 exceeding twenty years from their respective dates as may be provided  
882 in or pursuant to the resolution or resolutions of the State Bond  
883 Commission authorizing such bonds. None of said bonds shall be  
884 authorized except upon a finding by the State Bond Commission that
